Crazy Hours Yachting Collection

The Crazy Hours Yachting blends nautical elegance with horological daring. The wind rose motif and the bold numerals evoke the spirit of the sea, while the signature Crazy Hours complication challenges traditional timekeeping. The central hour hand makes an unexpected jump from one hour to the next, while the minute hand follows a traditional 60-minute cycle, creating a unique and playful experience of time. To read the time, simply follow the number indicated by the hour hand and be amazed by its fascinating leap every 60 minutes.
